## 2 Freezer Trays

- Each Freezer Tray holds approximately 3 cups of liquid in total.
- Freezer Trays feature a metal ring around the outer lip to help the tray hold its shape and ensure Lids stay on firmly. Do not attempt to bend the Freezer Trays or the Lids may no longer attach properly.
- After filling with water, be sure to hold the tray level with two hands to prevent spills.
- Lids have a flap on each long side that can be clipped down to secure them to the Freezer Tray. When the flaps are clipped into place, the Freezer Trays are fully leakproof.
- If the silicone seal around the Lid slips down, simply push it back into place manually.
- The Lid of the Freezer Trays can be marked up to remind you what's inside! Use a dry-erase marker or a permanent marker (wipe with alcohol to remove).
- Your Dash Perfect Portion Freezer Trays are 100% FDA Food Grade Silicone and BPA-free.
- The Freezer Trays are oven safe up to 425°F. The Lid is NOT oven safe.
- The Freezer Trays and Lid are top-rack dishwasher safe. You can also clean them using a soft sponge or cloth and warm soapy water.
- Dash Perfect Portion Freezer trays are NOT microwave safe, as they contain a metal rim for support.
