

CHEF SERIES AIR FRYER OVEN 12" PIZZA STONE

12" PIZZA STONE

Use & Care

Before each use, pre-heat the Pizza Stone in the Dash Chef Series Air Fryer Oven for 10 minutes. The Pizza Stone is sensitive to quick temperature changes.

Remove the pre-heated Pizza Stone from the Dash Chef Series Air Fryer Oven and place pizza or bread directly on the surface. Be sure to use a protective, heat-safe oven glove when removing or handling the pre-heated Pizza Stone. Place the Pizza Stone in the Chef Series Air Fryer Oven and cook per recipe directions.

When finished, allow the Pizza Stone to cool on a stovetop or trivet. Do not cool by placing directly under cold water or on a cold countertop: this may cause the Pizza Stone to crack.

Soaking in water may cause the stone to weaken. Use a stiff brush and warm water to clean after use, then air dry and store in a dry place.

Do not use soaps, detergents, or other cleaning solutions on the Pizza Stone. **The Pizza Stone is NOT dishwasher safe.**
