When this occurs, the Indicator Light turns on and off.
How do I know when the Mini Waffle Maker is heated and ready to use?	When the Mini Waffle Maker reaches the optimal temperature, the Indicator Light shuts off to indicate that it's time to start cooking.
There is no On/Off Button. How does the Mini Waffle Maker turn on and off?	To turn on, simply plug in the power cord. When finished cooking, turn off the Mini Waffle Maker by unplugging it.
